

PUBLIC OPEN HOUSE INVITATION

The Public is invited to an open house to learn about the new transfer station to be built in the City of Portsmouth. As a long term locality member of the Southeastern Public Service Authority (SPSA), the city is collaborating with SPSA to construct a new transfer station as part of the recently signed agreement between SPSA and its regional members. The new transfer station is a key component of the city's waste management program. The open house will provide a forum for the public to learn about the selected site, benefits to our community and to the operations of the waste management division. Members of the project team will be available during the open house to discuss the project and answer questions.

Two open house-style meetings are scheduled for Wednesday, December 7th and Thursday, December 8th from 4:00 to 7:00 p.m. at the Bide-a-Wee Pavilion, 1 Bide-a-Wee Lane, Portsmouth, VA.
