

# GASTON BROTHERS UTILITIES

DATE: December 28, 2017

PROJECT: Emergency Water Leak Repair 4100 Block of George Washington Highway

## **RE: Advance Notification of Construction Activity**

Dear Resident/Business:

The purpose of this letter is to provide notification to you that Gaston Brothers Utilities will be performing work for the City of Portsmouth, Department of Public Utilities. The work, which includes repairing the water services at 4105 A & B, will begin approximately January 2, 2018 and continue through February 1, 2018. GBU will exercise all available measures to maintain access to homes and businesses within the project area and make every attempt to minimize the duration of the impact to the community.

If you have any questions concerning the impacts to traffic, please contact our office at (757) 545-3206. If you have any questions during construction of this project, please contact our field superintendent, Kyle Fussell at (757) 478-4938.

Thank you in advance for your cooperation and patience while we perform this important improvement for the City of Portsmouth.

Respectfully,

Shannon Bruce
