Portsmouth's Comprehensive Plan Available for Final Review

The City of Portsmouth's Comprehensive Plan is ready for final public review. After numerous civic engagement events and opportunities for the public to provide input and ideas for shaping the future of Portsmouth, the Comprehensive Plan is available for Portsmouth citizens, businesses, and community partners to read and review for final opportunities to comment. Then, on September 4, the Comprehensive Plan will be on the Planning Commission's Meeting Agenda.

To review the Comprehensive Plan and to make final comments, visit www.buildoneportsmouth.com. For more information, contact Brian Swets, Planning Administrator, at 393-8836, ext. 4237 or swetsb@portsmouthva.gov.
