

Great American Cleanup

Earlier this year, Keep America Beautiful selected Hampton Roads as one of 10 national sites to host National Action Days events the last weekend in April, with an eye toward transforming regional parks, public lands, playgrounds and trails into cleaner, greener landscapes. Working with local municipalities in most of the 16 cities and counties, askHRgreen.org leaders helped to coordinate a wide variety of half-day projects from which volunteers could choose.

Norfolk, Portsmouth and Virginia Beach are organizing city-wide cleanups of neighborhoods, parks and recreation areas.

Portsmouth's Great American Cleanup Day will be Saturday, April 13, 2019 at the Portsmouth City Park. The event will last from 8 a.m. until noon. We are asking for Citizens, Civic Leagues, Schools and all other Organizations to get involved and volunteer.

Cleanup supplies will be provided.
