## Notes:

1. A pre-application conference is not required for a certificate of appropriateness but applicants are strongly encouraged to meet with staff to discuss the proposed project prior to submitting an application.

2. Depending on the proposed activity, the review and decision on an application may be undertaken by staff or the Historic Preservation Commission (HPC) or the Downtown Design Commission (DDC). See the matrix in Section 4 of this application form to identify the appropriate review body based on the proposed project type.

3. Any development within a historic or D1 Downtown district is required to have a certificate of appropriateness approval before any other applications can be filed.

4. Public notification requirements may include the on-site posting of the meeting date, time, and location for public review. A site visit may also be required for consideration of your application. Your signature on the accompanying Master Development Application Form authorizes the places of such notice on your property and allows members of the Historic Preservation Commission, DDC and/or staff to enter the property to view the exterior of any buildings or structure on the site.
